**Re: Purpose for Bulk Compiled Data**

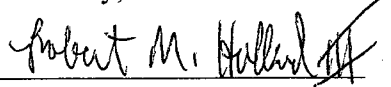

Dear Mr. Walker:

I am writing this letter to state the purpose for the bulk compiled data. The purpose for the bulk compiled data is to assist individuals and businesses in recovering their small claims judgments. My efforts will assist in many instances those people who can not otherwise afford the services of an attorney. It will empower them and give them open access to their cases. The role of the judiciary will be supported by quick, expedient and just resolution of the rights of the Plaintiff's in these cases. Citizens will feel less reluctant to properly utilize the court system. People will come to feel and believe that the court system works and has not failed them. What use is it to get a judgment in court that you can not recover?

My judgment recovery efforts will facilitate judicial efficiency and economy. It will make the most effective use of court resources. This will all be accomplished without having any negative affect on the courts. The ongoing business of the judiciary will not be burdened by this request. **ALL the information I am requesting is public information that anyone in the public already has a right to access.** The bulk compiled data saves money, time and effort of clerk personnel who would have to retrieve the requested information.

Thank you for your cooperation. If you have any questions or concerns, please contact me at the above address.
